

ROOF & GUTTER CARE

Do your **gutters** really need **cleaning**?

YES — at least once a year

Rain washes debris **in**, not out. Blocked gutters send water down your walls instead of down the pipe — and that becomes damp, rot, and a claim your insurer won't pay.

! Why it matters

- **Damp walls** — water runs down the brickwork
- **Rotten fascias** — hundreds of pounds, years early
- **Winter splits** — trapped water freezes and cracks the run
- **A refused claim** — insurers don't pay for neglect

✓ What a proper clean covers

- Every run cleared — front, back and sides
- Each downpipe flushed and checked
- Falls, joints, brackets and seals checked
- Fascias and soffits checked for rot
- Debris taken away, not left in your borders
- A dated record for your file
